Teste: C. W. SMITH,
Clerk of Board of Supervisors and Of Road Board.

A triweekly passenger and freight airplane service that has been established between London and Amsterdam requires about one-sixth the time of the regular railroad and steamboat schedule.

Every man in the village of Huerta Pelayo, in the Province of Guadalajara, Spain, has decided to emigrate to the United States, and the American consul at Madrid has vised 26 passports. The families of the emigrants will follow as soon as the men are settled in America.

By using the circulating brine system refrigerator motor-truck bodies have been perfected in which less than 10 per cent. of the loading space is required for the refrigeration apparatus.

Copper ore, of which 10,177 tons, valued at $761,194,947, was shipped from La Paz, Bolivia, to the United States during 1919, was the principal export from that consular district to the United States, the total exports

DISTINCTIVE *Printing*

¶ Printing that will attract attention and put your advertising in a class by itself—printing that contains originality in conception and excellence in its execution—this quality of originality and individuality characterizes all the printed work we turn out.

Sticking Type

is one thing and *Artistically Designed Advertising* is another. We specialize in the latter—the kind that will make your letterheads, stationery and advertising matter a credit to your business. ¶ See us the next time you need something in the printing line.

Advertising?

If it is results you want you should use this paper. It circulates in the majority of homes in the community and has always been considered

The Family Newspaper

The grown-ups quarrel about it, the children cry for it, and the whole family reads it from cover to cover. They will read your ad if you place it before them in the proper medium.

We Are Ready

To turn out that job of printing whenever you need it.

Our Prices Are Right
